Why Choose Our Products

Maximum Benefits for Your Business

Shock Freezing Technology

Preserves the taste, aroma, and texture of freshly baked goods — as if straight from the oven.

Shelf Life Up to 12 Months

Minimize write-offs, manage inventory efficiently, and reduce losses.

Ready in 5–15 Minutes

Baked fresh right before serving — always a freshly prepared product for your customers.

No In-House Bakery Required

A full range of baked goods without capital investment in equipment or staff.

Consistent Quality

Identical results in every batch — regardless of order volume.

 Melnitsa frozen bakery products significantly reduce operational costs and improve business efficiency for our partners.

Solutions for Various Industries

Our products are successfully used across key market segments — from federal retail chains to independent distributors. We offer a ready-made solution for rapidly expanding your product range without building your own production facility.

Retail Chains

Federal and regional retailers

Cafés & Coffee Shops

Fresh baked goods on demand — no bakery required

Restaurants

Consistent quality for professional kitchens

Bakeries

Expand your product line without equipment investment

Hotels & HoReCa

Breakfast service and banquet catering

Distributors

Wide assortment for regional supply chains

Quality & Food Safety

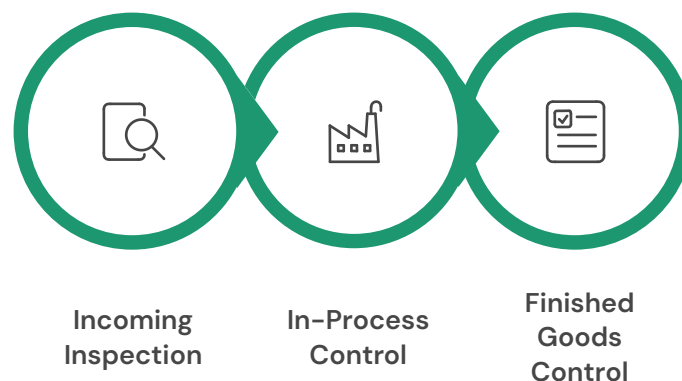

Product quality is one of the top priorities at Melnitsa Bakery. Every batch undergoes multi-stage quality control — from raw material selection through to finished goods dispatch.

Production Control

- Rigorous selection and quality verification of raw materials
- Modern quality checks at every stage of production
- Consistency of recipes and technological parameters
- Strict cold chain temperature compliance

Standards Compliance

- EAEU technical regulations
- Registered declaration of conformity
- Food safety requirements
- Batch-to-batch production stability

EAEU compliance is confirmed by a registered declaration of conformity — our partners receive products that are fully market-ready for sale in Russia and across the Eurasian Economic Union.

Production Under Your Brand

Private Label — Your Brand, Our Manufacturing

Melnitsa Bakery offers comprehensive partnership for building and developing your own private label without any investment in production infrastructure.

01

Recipe Development

We create a unique recipe or adapt an existing one to match your requirements and the taste preferences of your target audience.
